

Great Britain Domestic Overnight Trips Summary - All Trip Purposes - 2014

How to read these tables

The below tables summarise trip characteristics and demographics of travellers for domestic overnight trips taken in Great Britain in 2014.

'Trips' are classified as trips or journeys away from home involving an overnight stay, taken by adults aged 16 and over and accompanying children aged up to 15. Each adult or child present on the trip counts as a trip, for example, a family of 2 adults and 2 children taking a trip away would count as 4 trips. Each line should be read separately – it is not possible to combine trip results from the GBTS survey.

'Nights' are the number of nights away taken by adults and accompanying children on these trips. Each night away spent by an adult or a child present on the trip counts as a night. Thus, a family of 2 adults and 2 children taking a 3 night trip away from home would count as 12 nights.

'Spend' is the expenditure relating to these trips. It includes costs paid in advance of the trip, costs paid during the trip itself and also any bills relating to the trip received after returning home. It covers costs paid by adults on the trip for themselves and on behalf of others on the trip, including children. It also includes costs paid on behalf of the person taking the trip, such as an employer paying the cost of a business trip.

All numerical results are in millions. All data is from the Great Britain Tourism Survey (GBTS).
